

TSC provides items for Soldier training

Did you know the Training Support Center has thousands of items of equipment available for use during Soldier training?

TSC provides services for storage, instruction, loan/issue, accountability and maintenance for the family of Training Aids, Devices, Simulators and Simulations (TADSS) used in support of live, virtual and constructive training environments for the Fort Sill Garrison, the Fires Center of Excellence, and other Army, DoD, and government agencies within its regional support area of responsibility, which includes Oklahoma, Arkansas and Northwest Texas.

Checking out equipment for training needs is as simple as establishing an organizational hand receipt with TSC and signing out the needed equipment from the TSC warehouse at 208 Harry Road. Warehouse hours are Mondays through Fridays 7:30-11:30 a.m. and noon to 4 p.m. The facility is closed on federal holidays.

Most equipment, with the exception of Multiple Integrated Laser Engagement System gear, is available on a walk-in, first-come, first-served basis. The MILES gear requirements must be scheduled a minimum of 30 days in advance using the Fort Sill Form 104-E Training Support Request. For information regarding establishment of TSC

accounts, please call the TSC Logistics Services section at 442-5309 or 442-6504.

How to use it

Training on the operation and use of most equipment that can be checked out is available on a walk-in basis at the warehouse. For equipment that requires longer training periods than practical for walk-in training, groups can be accommodated as needed. Call the TSC TADSS Training section at

442-4983 for additional information or to schedule training. TSC also coordinates NET training for new TADSS being fielded to the installation; these classes are normally at the TSC Administration and Training building at 342 Randolph Road.

Visual aids

TSC also provides services for loan and issue of graphic training aids, such as blown up photographs.

Those GTAs commonly used at Fort Sill are stocked at TSC and available for immediate issue. Those not currently stocked can be obtained by TSC as needed. A catalog of current graphic training aids is at the Reimer Digital Library, <https://rdl.train.army.mil/> from which many are also available for download and local reproduction. TSC can provide limited local reproduction of GTAs that are only available in digital format, please contact TSC Administration office, 442-6901 for information about this capability.

Not in the catalog?

Do you need something that's not currently available

in any of the TADSS catalogs listed above? TSC has a limited in-house fabrication capability for devices primarily of wood construction, and you can request this service using Fort Sill Form 866 Training Device Fabrication Request - Local.

For more information, or if there are other questions, call the installation training support officer at 442-6901.

To reach me

To send questions or comments to me, please e-mail fscms@conus.army.mil or you can mail your comments to Commander, USAG-Fort Sill, 462 Hamilton Road, Suite 120, Fort Sill, OK 73503.

Thanks and have a great Fort Sill day.
