

Federal Employee Viewpoint Survey

Monday, April 25, a random sampling of federal employees will receive the annual federal employee viewpoint survey. If you receive this survey we encourage you to fill it out. It will provide you with the opportunity to share your perceptions about work experiences, organizations and leaders. Take advantage of this opportunity to communicate what is good about the organization and leadership as well as what can be better.

Each year the Office of Personnel Management administers the survey to a random sample of employees throughout the federal government. It's your chance to make a difference. If asked to participate, take a few moments and complete the survey to help get the most accurate assessment of the command's strengths and challenges.

The survey will be available for you to complete for six weeks.
