

RECEIPT FOR PRISONER RULE BOOK

Upon my initial inprocessing at the Regional Confinement Facility, I was issued a Confinement Rule Book which was in good condition. Furthermore, the inprocessing guard instructed me to read thorough this entire rule book. Upon reading this rule book, if I do not understand or have any questions concerning any section, I am encouraged to talk with the Prisoner Counselor or the Prisoner Administrative NCO by completing a DD Form 510 (Request for Interview). Upon my release or transfer from this facility, I will return this rule book in good condition to the Prisoner Supply Sergeant. I have also been briefed of the prisoner rules and regulations and the right to present complaints and grievances to the Correctional Officer and/or to the Inspector General. Furthermore, I am aware that this facility has a closed circuit visual and audio monitoring system.
