DIESEL FUEL AT PRIMARY FUEL FACILITY

1. The primary fuel facility located at Building 2245 is now dispensing diesel fuel. The facility no longer dispenses any Bio-diesel.
2. Customers having a key for Bio-diesel grade fuel can now use this same key to fill up their equipment or vehicles with diesel. If you receive an error while using your DS2 key, please see the fuel technician located in B2243 Bay 3 office to resolve.
3. Questions on this matter can be address to the Fuel Facility Supervisor, 442-5545.
