Course Structure

WLC is a branch immaterial course, taught at regional NCO Academies in a non-live-in environment (within local constraints), using classroom instruction with practical application, followed by hands-on performance-oriented training that culminates in an extensive situational training exercise (STX). Small group leaders/senior small group leaders (SGLISSGL) will assess your leadership potential and evaluate your ability to apply the lessons learned in the course while leading Soldiers in a garrison and tactical environment.

Course Length

WLC is a 4-week, 2-day course culminating with a 36-hour STX.

Course	
Pre-requisites	<p>1. Effective 1 April 2013, Structured Self Development 1 (SSD1) is a prerequisite to attend the Warrior Leader Course (WLC), IAW ALARACT 216/2012-Structured Self Development (SSD) Prerequisite for NCOES. Soldiers attending WLC are required to present a copy of their SSD 1 completion certificate during in-processing. Soldiers who report to WLC without the SSD1 completion certificate will be given 72 hours to produce their SSD1 graduation certificate or will be administratively disenrolled.</p> <p>2. Attendance will be on a priority basis</p> <p>* Soldiers attending WLC must fall into the following priorities.</p> <ul style="list-style-type: none">a. Priority One: Staff Sergeants promoted without WLC.b. Priority Two: Sergeants that are non-WLC graduates; the SGT may or may not have a WLC waiver.c. Priority Three: SPC/CPL promotable; use the following priority list:<ul style="list-style-type: none">(1) SPC/CPL (P) who meets the cut off score. SPC/CPL (P) in MOS, which would have had additional promotions if more promotable SPC/CPL had been available and identified as "Star MOS" by monthly HRC Promotion Cut-Off Memorandums.(2) SPC/CPL (P) in other MOS serving in an authorized NCO position based on the highest number of promotion points.(3) All other SPC/CPL (P) on a recommended list based on the highest number of promotion points.d. Priority Four: SPC/CPL in leadership positions. In order to fill all WLC training seats, non-promotable SPC with demonstrated leadership potential may attend WLC only after exhausting all other higher order of merit list (OML) categories.e. Priority Five: PFC with leadership potential may attend WLC when all higher OML categories are exhausted. <p>* Meet height and weight standards of AR 600-9.</p> <p>* Eligible for reenlistment and have a recommendation from their immediate commander.</p> <p>* Soldiers approaching transition from the active rolls may attend WLC up to their ETS date. This action will reduce the training requirement if the Soldier continues his/her military commitment in the ARNG or USAR.</p> <p>* Have no conviction of a misdemeanor crime of domestic violence (Lautenberg Amendment).</p> <p>* Have no suspension of favorable personnel action (Flags) pending.</p> <p>* Effective 1 October 2007 the automated pre-execution checklist took effect for Army Reserve and Army National Guard Soldiers; you must have a hard copy of the pre-execution checklist in your possession.</p> <p>* Proof of SSD1 completion.</p>

3. Soldier's have 72 hours to provide all required documents. Soldiers who fail to provide required missing documents in the established time line will be disenrolled and returned to unit.
4. Commandants may not add local requirements to the prerequisites.

**Enrollment
Requirements**

1. Effective 1 October 2007, the automated PEC took effect. Soldiers whose reservations were made after that date are only required to report with documentary evidence of physical profile, DA Form 705 (APFT Card) and other non-routine prerequisites not contained in the total Army personnel database (TAPDB).

2. Soldiers may enroll with a temporary profile (i.e. shaving and other non-performance related issues). The profile MUST NOT prevent them from meeting all physical tasks and the physical graduation requirements, such as taking and passing the APFT and carrying load bearing equipment during the STX.

*Temporary profile exceptions: Soldiers will train within the limits of their profiles. If a Soldier on a temporary profile cannot complete all the events of the APFT or meet all the physical requirements, he or she will not be allowed to enroll in WLC.

*Permanent profiles: Soldiers possessing permanent profiles 3 or 4 must provide a copy of the DA Form 3349, with signatures from profiling officer, and the approving authority (a physician). Commanders do not need to sign unless they disagree with the profile findings. P2 profiles require only doctor's signature. Soldiers possessing permanent profile designators of "3" or "4" who have been before an MMRB, awarded medical limitations, and are allowed to retain their occupational classification, will be allowed to attend various courses and train within the limitations of their profile.

*Pregnant Soldiers: - A Soldier who is pregnant prior to the course may not attend WLC until medically cleared. If she is diagnosed as pregnant while attending WLC, then she may continue; however, the Soldier must provide written documents from the doctor that state she can participate in the course's physical requirements. Soldiers medically dismissed for pregnancy after enrollment are eligible to return to the course when medically cleared.

*Physical requirements: Soldiers must participate in all WLC physical requirements based upon the limitations of their profiles.

3. Wounded warrior: Commandants will not deny enrollment or disenrollment of Soldiers based on physical profiles resulting from MMEB or MEB rulings. Soldiers previously unable to meet course requirements as a result of physical limitations formally acknowledged by either the wounded warriors program and/or a permanent profile as a result of a MOS/medical retention board or medical evaluation board, and properly documented using the military physical profile for physical condition/stamina, upper extremities, lower extremities, hearing/ear, eyes, and psychiatric (PULHES) code, can attend PME and MOS courses. Waivers are authorized to adjust or waive graduation requirements to these Soldiers for enrollment and attendance at professional military education

(REF: AR 350-1, Chap 3)

**Retest
Procedures**

1. If a student fails any initial examination/performance evaluation, conduct counseling and remedial training and retest the student only once using the appropriate test version.
 2. Regardless of the student's actual grade point achieved on any retest, the maximum allowable credit is 70 percent. However, record the final retest score in the student's record to establish the level of proficiency attained. NCOA will automatically remove these students from class honors consideration.
 3. If a student receives two failing scores (one initial test and one retest) on any single exam, the commandant must dismiss those students.
-

**Student
Dismissal**

To protect students from unfair or illegal practices, commandants-through precise proceedings-must determine whether or not to dismiss students whose-

- personal conduct is such that their continuation in the course is not appropriate;
- academic progress, lack of motivation, attitude, or conduct is prejudicial to others in the class; and
- actions make it extremely unlikely they can successfully meet the standards for course graduation.

This session must include the statement "I will not acquire or provide inappropriate assistance before or during any test except as instructed (i.e., group activities) and will report any such inappropriate assistance before, during, or after the test administration." This eliminates the DA Form 5160 requirement.
 - b. After any written or performance evaluation/re-evaluation failure.

SGL will include in initial counseling locally developed goals and objectives that support the SHARP program IAW MILPER Message 13-306; changes to the Evaluation Reporting System (ERS) in response to Army Directive 20-13-20-, dated 22 Oct 2013. Students will be assessed throughout the course and their compliance will be documented on the AER, DA Form 1059. Students will be advised that failure to adhere to the SHARP program will result in a referred report.

1) PART III-SUMMARY OF COUNSELING

Requirements

1059, marked as a referred report with a comment in block 14 stating that you do not support the SHARP program due to you fostering an unhealthy class environment by (specifically cited behavior).

3. The SGLISSGL will use the results of the developmental counseling process to determine ratings for your AER and course academic records and reports.

4. This CMP does not limit SGLISSGL to the general indicators in FM 6-22, App B, but SGLISSGL should be precise, objective, and fair in the developmental counseling process.

(REF: TR 350-10, Chap 2, Para 2-7g; TR 350-18, Chap 3, Para 3-29; and FM 6-22, App B)

NOTE: Counseling records play a major role in the event of favorable or unfavorable administrative personnel actions.

**Student
Recognition**

1. All students who meet course completion criteria receive a diploma. Diplomas must contain, at a minimum, the student's full name, rank, complete course title, course identification number, and beginning and completion dates of the course.

TSP NO./ TITLE	NON-ACADEMIC HOURS
A201, In processing/ APFT/Weigh-in 2 Hrs	Students receive advance sheets, required publications, administrative processing, and height and weight evaluation. Students must take the APFT and weigh-in. Commandants will arrange for students to meet the APFT and weigh-in requirements while allowing for retest. Task organization: Academies are required to organize students with a mix of military specialties when forming groups or teams.
A202, Out-processing 2 Hrs	A202 allocates time for the purpose of out-processing students at the conclusion of WLC.
A204, Graduation 2 Hrs	A204 allocates time for the purpose of conducting a formal graduation where the commandant and cadre can present students with honors and diplomas.
S201, Study Hall 8 Hrs	Study hall provides students time to adequately study and prepare for the next day's lessons. It allows the SGLISSGL to recognize and assist students in correcting poor study habits. Students who require remedial training receive assistance from peers and the SGLISSGL during this time.
S202, Training Support Activities 15 Hrs	The commandant uses these hours at his discretion for retraining/retesting, equipment issue/turn-in, travel time as required to/from training areas and other non-program of instruction (POI) hours that require instructor contact hours (ICH).
S203, Student Counseling 5 Hrs	SGLISSGL use these hours for reception and integration counseling, mid-course counseling, end-of-course counseling and additional counseling as required.

Student Handout 1**Army Leadership**

Overview You will be assigned to one of the following leadership positions in garrison or tactical environment during WLC training: team leader, squad leader, platoon sergeant, or first sergeant.

Students Instructions

1. You will serve in a leadership position at least once in garrison and at least once during the STX. In these positions you must demonstrate your ability to effectively lead Soldiers. Your SGLISSGL will evaluate you, and in order to receive a GO, you must correctly perform 17 or more of the 24 steps in your leadership performance evaluation IAW the evaluation score sheet in this appendix. A GO is a graduation requirement.
2. You derive your academic score IAW the evaluation score sheet in this appendix. The following ratings apply toward graduation and honors:
 - a. 0-69 rates UNSATISFACTORY.
 - b. 70-89 rates SATISFACTORY.
 - c. 90-100 rates SUPERIOR.
 - d. Passing the retest rates SATISFACTORY with a score of 70 percent.

Retest In the event you fail the initial performance evaluation, you will receive remedial training and one retest. You must retake the entire test. A failure of the retest initiates dismissal procedures.

Performance Steps The following tables identify the leadership performance indicators your evaluation will consist of in garrison and during the STX.

NOTE: If a performance step does not present itself during the evaluation, through no fault of the student, score that performance step a "GO." SGUSSGL may evaluate "unseen" performance steps by noting indicators of performance or by asking the student directly. For example, it is impossible to see someone "visualize a situation." However, if the leader developed a good visualization of the situation, the results will most likely meet or exceed the standard. Or, the SGUSSGL might ask the student directly, "How did you visualize the situation?" Additionally, leaders always perform TLP, even for simple missions. Leaders may not perform the TLP formally, but in an abbreviated and mental manner.

Advance Sheet Conduct Individual Training Test

**Students
Instructions**

1. This performance test measures your ability to properly conduct a training session.
2. During the last hour of instruction, I assigned you an individual task to train to standard. You will accomplish the following:
 - c. Train this task to standard to your fellow Soldiers;
 - d. Plan, prepare and rehearse with your peers;
 - e. Have 30 minutes to train the task to your peers during class;
 - f. Follow the procedures in ADP 7-0 in the preparation and conduct of the training;
 - g. Need all reference material supplied for this lesson;
 - h. Notify your SGLISSGL if you should require additional training aids;
 - i. Conduct and a risk management worksheet for the task you train IAW FM 5-19 and brief prior to the start of the training session;
 - J. Conduct an after action review and an assessment of the training at the end of the training session.
3. You must correctly perform 18 or more of the 25 performance steps to achieve a GO. A GO is a graduation requirement. You may retest one time and must complete the performance evaluation in its entirety.
4. You can figure out your academic score by dividing the number of correct performance steps by the total number of performance steps. The following ratings apply toward graduation and honors.
 - k. 0-69 rates UNSATISFACTORY.
 - l. 70-89 rates SATISFACTORY.
 - m. 90-100 rates SUPERIOR.
 - n. Passing the retest rates SATISFACTORY with a score of 70 percent.
5. Now, you are being provided with the exact time and date you must present your training session.

Retest

In the event you should fail the initial performance evaluation, you will receive remedial training and one retest. You must retake the entire test. A failure of the retest initiates dismissal procedures.

NOTE: If a performance step does not present itself or is not required during the evaluation, through no fault of the student, score that performance step a "GO." Some blocks may not need to be accomplished by the student. SGUSSGL should automatically award points for these blocks (i.e. "Select Task" or "Close out the Training Site") if this occurs. SGUSSGL may evaluate "unseen" performance steps by noting indicators of performance or by asking the student directly. This score sheet provides the student with the correct performance steps for conducting training to standard. This will aid the student in being able to conduct successful training events with subordinates at their unit of assignment.

Student Handout 7**Advance Sheet Land Navigation**

Instructions to the students

1. Welcome to the land navigation course. Today you will demonstrate for record your ability to navigate from one point on the ground to another using a map and a compass. This course tests your ability to apply fundamental map reading and land navigation techniques.
 2. You must plot four points on your map and locate at least three of the four points in the maximum time of three hours to receive the minimum passing score of 75 percent and a GO. A GO is a graduation requirement. You may retest one time and must complete the evaluation in its entirety. **(NOTE:** If the NCOA utilizes a rally point separate from the fourth point, you will receive an additional 15 minutes in order to arrive at the rally point).
 3. Each of you received your coordinates and distance to four points. **When the time starts**, you may plot each of your points on the map, then double check that you correctly plotted the coordinates. (Plotting is part of the 3 hour examination.)
 4. Choose the best route that leads you to each point. Remember to check the type of terrain on the map that you must traverse. The shortest route may not always be the best. Watch for hills, streams, or valleys, which will make your travel difficult. Once you choose a route of travel, determine your grid azimuth to the points.
 5. **DO NOT FORGET TO CONVERT YOUR GRID AZIMUTHS TO MAGNETIC AZIMUTHS** and compute your pace count for the distance. (Suggest that you determine the data from the start point to the first point. Once you have found the first point, and then determine the data to the second point. This will prevent you from mixing up the data to the different points.)
 6. When you arrive at your point, check your coordinate on your worksheet with the coordinate marked on the point. If they do not match, you must take the appropriate actions (find where you are on the map and re-plot) and continue with the test.

Instructions to Students,
Continued

-
7. SGL/SSGL will brief the following based on local requirements:
- Course boundaries;
 - Safety precautions;
 - Evaluation termination time;
 - Environmental considerations;
 - Identification of course controls points and markers;
 - Procedures for evacuation of injured personnel;
 - Heat or cold injury precautions;
 - Reporting of hazards (fire, safety);
 - Location of turn-in point for scorecard (rally point);
 - Distress signal;
 - End of time signal; and
 - Address Soldier distress plan.
8. As you negotiate the course, you may avoid costly mistakes by following these simple rules:
- **DO** adhere strictly to safety precautions and course boundaries,
 - **DO** check all work carefully,
 - **DO** use all time wisely,
 - **DO** recheck all work before you turn in your scorecard,
 - **DO** be constantly aware of your surroundings,
 - **DO NOT** take short cuts, and
 - **DO NOT** rush.
9. SGL/SSGL will remind students of the effect that certain metals have on a lensatic compass. Doctrine suggests the following distances to ensure proper functioning of a lensatic compass:
- | | |
|--------------------------------------|------------|
| • High-tension power lines | 55 meters; |
| • Field gun, truck, or tank | 18 meters; |
| • Telegraph/telephone or barbed wire | 10 meters; |
| • Machine gun | 02 meters; |
| • Steel helmet or rifle | 1/2 meter. |
10. Inspect your compass to ensure--
- the floating dial containing the magnetic needle does not stick,
 - the sighting wire is straight,
 - the glass and crystal parts are not broken, and
 - the numbers on the dial are readable.
-

**Instructions to
Students,
continued**

11. Warn students who may have an older compass that the scale may read 1:25,000. They can use the scale with a 1:50,000 scale map, but they must double the values to obtain the correct reading.

12. You are responsible for accomplishing the following:

- Adhering to and completing course requirements;
- Confirming your pace count;
- Verifying your compass accuracy;
- Turning in your performance evaluation test sheet to receive credit; and
- Conducting all work on your own. Do not communicate with other students, give or receive assistance, make a record of your answers anywhere except on the answer sheet provided, or pass information about this examination to other students.

13. Should you fail to receive a GO, you will receive remedial training and a re-evaluation. Should you fail the re-evaluation, the academy may drop you from the course.

14. Your academic score derives from dividing the number of control points by 100. The following ratings apply toward graduation and honors:

- 0-50 rates UNSATISFACTORY,
 - 75 rates SATISFACTORY,
 - 100 rates SUPERIOR, and
 - Passing the re-evaluation rates SATISFACTORY with a score of 70 percent.
