without a federal government-issued identification card (Military ID, Military Dependent ID, Common Access Card or Automated Installation Entry Card) or a visitor's pass will be subject to a background check before being allowed to enter the installation unescorted. The VCC is open 0500-2100, 7 days per week to process background checks and issue visitors passes. Please plan extra time for processing through the VCC to obtain your pass. The process should take approximately 5-7 minutes per person. When driving on post, you may not send text messages or drive distracted for any reason. You may make phone calls, provided you use a completely hands free device. For further information regarding Fort Sill gate access information, please check the links below.

prepared to wear a mask throughout the course, wash your hands frequently, and follow all CDC guidelines for proper mitigation during travel and throughout your time in the unit. Our medical clinic and the Army Medical Department provide recommendations and guidelines that inform our COVID-19 mitigation measures. Be aware that many of these guidelines trend more conservative than those of the CDC. A positive COVID-19 test before or during DCC does not disqualify you from completing the course, but do not travel or in-process at DCC if you have had a positive test within 14 days of your report date. This is a difficult and uncertain time for all of us, and we will do our best to work together through changing circumstances. We thank you in advance for your cooperation.

While at DCC, you will only wear the Operational Camouflage Pattern (OCP) Uniform and Army Physical Fitness Uniform, once you acquire them. If possible, we encourage you to bring or purchase some or all of your uniforms prior to arriving at DCC, as the military clothing store may have limited quantities of certain items and sizes. There will be a designated time in the course to purchase items on the packing list, if you do not bring them with you. In order to purchase uniforms during the course, you must possess a minimum of \$1,500 available on debit or credit card, with appropriate credit limit, on the day of purchase. Please note that in the second half of the course, you may be granted an opportunity to shop at the Post Exchange (PX) for any additional items you may need.

14. Food. Meals will be provided to all students throughout the course. Drinking water will be available in the barracks 24/7 at clean water dispensers. Students will bring a water bottle to fill at their convenience. Be prepared to inform cadre of any dietary restrictions when you arrive. **Please note that religious dietary accommodations for Halal or Kosher meals may be available only if you contact the Battalion Chaplain's office before arriving.** The Brigade Chaplain is CH (MAJ) Glenn at (803) 603-6250 or [William.j.glenn.mil@mail.mil](mailto:William.j.glenn.mil@mail.mil) or Battalion Chaplain Assistant is SPC Amber Lundy, and she may be reached at (580) 442-0908, or [amber.e.lundy.mil@mail.mil](mailto:amber.e.lundy.mil@mail.mil) before you arrive to Fort Sill.

15. Internet and Technology. Wi-Fi will be available in the barracks, and students may use their personal devices for leisure when off duty. Internet hotspots are authorized for use, as cell connection and Wi-Fi strength may be limited in larger classes. Students will use their personal computers for distance learning during quarantine. If necessary, students may request to sign out a government laptop, but availability is limited.

16. We expect Army professionals to maintain readiness, resiliency, and peak health and performance. Be advised that you may be subject to drug testing during DCC and throughout your Army career.

17. It is recommended that you, as a leader, know the Army Warrior Ethos, the Army song "The Army Goes Rolling Along," The Soldier's Creed, and the first three General Orders. These can easily be found on the internet.
